

NAACLS Board of Directors' Accreditation Award

The Progress Report from the Medical Laboratory Technician Program of **Laurel Ridge Community College** in **Middletown, VA** is deemed unsatisfactory.

Next Submissions for Program Review	End Accreditation Date
Progress Report Due to Citation: October 1, 2025 Self-Study: April 1, 2026	April 30, 2027

A Progress Report documenting compliance with the following Standard must be submitted electronically to NAACLS. Please refer to the "Next Submission for Program Review" chart for due date.

The Program is in partial compliance with the following Standard:

Standard II.C

II. Program Assessment and Modification

C. The results of program outcomes measures and assessment must include findings from graduate and employer feedback and be:

1. Reflected in ongoing curriculum development, resource acquisition/allocation, and program modification.
2. Analyzed to demonstrate the effectiveness of any changes implemented.

Rationale

The results of program outcomes measures and assessment included findings from graduate and employer feedback, but such findings from graduate feedback were not reflected in curriculum development, resource acquisition/allocation, and program modification, and thus subsequent changes were not analyzed to demonstrate effectiveness of changes implemented.

Recommendation

Submit evidence that program outcome measures and assessments from graduate feedback are reflected in curriculum development, resource acquisition/allocation, and program modification, and those changes are analyzed to demonstrate the effectiveness of changes implemented.

Failure to submit the required report(s) by the due date may result in Withdrawal of Accreditation.
