				02550100	Question				
Response Rate				Mean		STD		Median	
3/12 (25.00%)				4.33		0.58		4.00	

### 21 - What class activity or assignment did you like the best and why?

Cynthia Horst

**Response Rate** 2/12 (16.67%)

- We watched slides of different types of cells.
- We've only had one assignment, it hasn't been graded. We've only done one lab, it was a repeat of the second week of class...

### 22 - What class activity or assignment was the least useful and why?

Cynthia Horst

**Response Rate** 1/12 (8.33%)

- Complaining about Dr. G all class isn't conducive to learning the course material

### 23 - What specific recommendations do you have for the course or instructor?

Cynthia Horst

**Response Rate** 2/12 (16.67%)

- She's nice but she's one person and she has trouble hearing in class.
- How about not spouting your personal politics and encouraging us to not get vaccinated due to the insane conspiracy theories you believe in. Thank you for encouraging my classmates to put my health and my families health in jeopardy as we are all considered at-risk. That and actually doing labs relevant to the topic of the week would have helped. We've had no lab for chem, no lab for microbio, and Im assuming we will have no lab for parasitology. We have taught ourselves from the book this entire course. We can pass the tests. Its the skills competency we would fail as it was nonexistent after Dr. G left. Shame on HCC, this program is a joke.
