21 - What class activity or assignment did you like the best and why?

Cynthia Horst

Response Rate 2/10 (20%)

- N/A
- Any lab she did in the last 5 weeks of the semester that we had her. She tried to make up for everything that was failed to be taught to us in the beginning of the semester.

22 - What class activity or assignment was the least useful and why?

Cynthia Horst

Response Rate 2/10 (20%)

- N/A
- None of them. All assignments assigned, or labs done, correlated to what was being taught in lecture or to give us a better understanding.

23 - What specific recommendations do you have for the course or instructor?

Cynthia Horst

Response Rate 2/10 (20%)

- N/A
- Continue to have Cindy Horst teach the MLT program. She cares that the students and that they will pass their board exams, not just as a paycheck for the college. She came in and did labs that tied in with what was being taught so that the students could tie it into real world experiences. She also recommended other texts and continued education sites to help us further out learning.
