### 21 - What class activity or assignment did you like the best and why?

Cynthia Horst

**Response Rate** 3/10 (30%)

- Clinicals
- I enjoyed receiving feedback on each of my Weekly Journals. It made me feel that I was on the right track and performing well in the clinical setting as well as in the course.
- N/A

### 22 - What class activity or assignment was the least useful and why?

Cynthia Horst

**Response Rate** 3/10 (30%)

- N/A
- I disliked having to complete a journal every week. The rotations were, on average, 3+ weeks so I think it would have been more appropriate to have one at the end of each rotation.
- N/A

### 23 - What specific recommendations do you have for the course or instructor?

Cynthia Horst

**Response Rate** 3/10 (30%)

- Nothings. She did a good job of answering our questions and showing up at least once a week to check on us during out clinicals.
- Not necessarily for the professor, but this program has a lot of room for improvement. One person cannot be expected to teach an entire cohort, plus some while also managing clinical coordination, accreditation and timely grading. I feel that in this regard, the class was at a major disadvantage. I hope the future cohorts are in a better situation than this one. Overall, I think the majority of the class made the most of what they were dealt but it is unfortunate what we had to go through.
