

NAACLS Board of Directors' Accreditation Award

The Medical Laboratory Science Program of **West Liberty University** in **West Liberty, WV** is awarded Continuing Accreditation for **two (2) years**.

Next Submissions for Program Review	End Accreditation Date
Progress Report Due to Citations: October 1, 2025	October 31, 2026

A Progress Report documenting compliance with the following Standards must be submitted electronically to NAACLS. Please refer to the "Next Submission for Program Review" chart for the due date.

The program is in non-compliance with the following Standards:

Standard II.C

II. Assessment and Continuous Quality Improvement

C. Program Assessment and Modification

The results of program outcomes measures and assessment must include findings from graduate and employer feedback and be:

1. Reflected in ongoing curriculum development, resource acquisition/allocation, and program modification.
2. Analyzed to demonstrate the effectiveness of any changes implemented

Rationale

The results of program outcomes measures and assessment included findings from graduate and employer feedback, but such findings were not reflected in curriculum development, resource acquisition/allocation, and program modification, and thus subsequent changes were not analyzed to demonstrate effectiveness of changes implemented.

Recommendation

Submit evidence that current program outcome measures and assessments from graduates and employer feedback are reflected in curriculum development, resource acquisition/allocation, and program modification, and those changes are analyzed to demonstrate the effectiveness of changes implemented.

Failure to submit the required report by the due date may result in Administrative Probation.
